

**WEST SWINDON PARISH COUNCIL**

**Leisure & Amenities Committee**

**Westlea Pond** as requested by Cllr Suresh Gattapur

**1. Westlea Pond**

- 1.1 Over the Autumn and Winter period, the wooden platform at Westlea pond was submerged by rain water for months.
- 1.2 Residents confirmed that the water level was unusually high. It should be noted that this was a particularly wet period and it may not reoccur to this degree in future years.
- 1.3 Cllr Gattapur has requested that the platform be fully inspected. This has been completed and it is confirmed that there are no signs of wear or damage resulting from period.
- 1.4 The team will continue to monitor the area and undertake intermittent checks. If the water levels reach similar heights this coming Winter, a report will be brought back to this committee advising on possible next steps.
