Councillors shared the observation that Toothill's general appearance had improved following the work of the team. It was requested that more detail regarding the reinstatement of the hedgerow along Hay Lane be circulated on social media.

228. Social Media Report

Councillors received a report setting out information relating to visitors to the website, a copy of which appears as **Appendix B** in the Minute Book. Councillors noted that it would be helpful to have more insight in terms of geographical information, search listing, bounce rate. It was suggested that a separate page for events/litter picking be created. Consideration should be given as to how to optimise the pages and an invitation to sign up to a newsletter.

229. Swindon Local Councils Forum

The Chair invited Councillors to discuss the benefits of being a member of the Swindon Local Council's Forum. It was noted that in some discussions and consultations, the input of smaller Parish Councils was weighted equally with that of larger Parishes despite impacts being different, and vice versa. Councillors agreed that ongoing work to liaise with other Parishes on key matters such as procurement, shared resources and information sharing should be actively continued, but that this was not dependent on being a member of the Forum. **RESOLVED** that West Swindon Parish Council does not renew membership of the Swindon Local Council's Forum for 2025-26.

7.00 pm

230. Admission of Public and Press

Resolved in accordance with Standing Order 3 (d) that 'in view of the confidential nature of the business about to be transacted, it is advisable in the public interest that the press and public be temporarily excluded and they be instructed to withdraw'. Reason: Review of quotes for purchasing.

231. Vehicle Purchasing Report

The Parish Manager circulated a report setting out a new option to purchase the Parish Council's current leased vehicles. A copy appears as Appendix This included three diesel tippers with cabinets and a pick up. The offer was being made by Lex Autolease. The purchase would cost in the region of £68,025 and could be covered by the existing Vehicles budget and reserves. Councillors discussed the proposal and agreed it was a single opportunity to purchase vehicles that the Parish Council had operated from new and, would be more environmentally beneficial to sustain vehicles in use, particularly as the market for electric tippers is limited and cost prohibitive.

RESOLVED that the Parish Manager be instructed to progress purchase of all four remaining leased vehicles from Lex Autolease at a proposed cost of £68,025

Meeting closed 7.13 pm
